

Day 7 Final Submission Document

Name: MY FURNITURE MART

Introduction

After days of dedication, hard work, and problem-solving, this document serves as the final submission of my project. It encompasses the entire journey of deploying a live application, securing it, post-launch strategies, and future improvements. The lessons learned and experiences gained throughout this process have been invaluable in shaping my skills and industry readiness.

Resume Submission

As part of the final submission, a professional resume has been prepared, highlighting the technical and soft skills developed over this period. The resume includes key projects, experiences, and competencies essential for potential job or business opportunities.

- **Resume Provided in same github repository**
-

Business Pitch Deck Submission

A business pitch deck has been created to present my project to investors, partners, or mentors. This pitch deck effectively communicates the problem statement, proposed solution, market potential, revenue model, and future scalability.

Deployment and Security Practices

... **Deployment Checklist**

Deployment is a crucial step in making a project available to users. The following steps were taken to ensure a seamless and secure live deployment:

- ✓ Configured production environment variables securely.
- ✓ Deployed the application to a reliable hosting platform.
- ✓ Enabled HTTPS and secured all API endpoints.
- ✓ Conducted final penetration testing to identify vulnerabilities.
- ✓ Set up monitoring and analytics tools for real-time tracking.
- ✓ Implemented a backup and disaster recovery plan.

Security Checklist

Security measures are critical in protecting user data and maintaining trust. The following security practices were implemented:

- ✓ Conducted penetration testing for vulnerabilities such as SQL injection, XSS, and CSRF attacks.
 - ✓ Ensured encrypted storage and transmission of sensitive user data.
 - ✓ Implemented role-based access control (RBAC) for admin functionalities.
 - ✓ Scheduled regular security audits and system updates.
-

Post Go Live Practices

Once the project was successfully deployed, the focus shifted to business and operational strategies to ensure sustainability and scalability.

Branding and Marketing

- ✓ Established a strong brand identity, including a professional logo and tagline.
- ✓ Launched social media marketing campaigns to attract users.
- ✓ Implemented SEO and paid advertising strategies for greater reach.
- ✓ Engaged with influencers and partners for visibility.

Investor and Business Partnerships

- ✓ Developed a structured approach to pitching to investors.
- ✓ Created well-documented business contracts outlining equity, responsibilities, and long-term vision.
- ✓ Established strategic partnerships for better market penetration and growth.

Inventory and Resource Management

- ✓ Integrated automation tools for inventory tracking and order management.
 - ✓ Allocated resources effectively for operations, marketing, and development.
 - ✓ Hired and onboarded relevant personnel for business expansion.
-

Gratitude and Positive Gestures

I would like to extend my heartfelt gratitude to my mentors, instructors, teaching assistants, and fellow students. Their unwavering support and guidance have been instrumental in this journey.

A special note of appreciation to the faculty members who dedicated their time and effort to shape our future. This experience has been more than just technical learning; it has been a transformative journey of growth, teamwork, and innovation.

Final Notes and Future Roadmap

As this submission concludes, my journey in development and business does not stop here. The key takeaways from this experience have solidified my technical knowledge and business acumen. Moving forward, I plan to:

- Continuously refine and scale my project based on user feedback.
- Explore deeper aspects of cybersecurity and AI integration.
- Expand my professional network and seek mentorship for business and career growth.
- Stay committed to lifelong learning and innovation.

This marks not just the completion of a submission but the beginning of a new phase in my journey towards success.
